/Key areas of interest and expertise

Dr Karen Jackson is Senior Lecturer (Associate Professor) in Economics and Assistant Head of School (Organisations, Economy and Society) at the University of Westminster. Her research interests are in the areas of international trade and finance as well as economic geography. In addition to holding a number of academic positions at various UK institutions, Dr Jackson has previously worked as China and East Asia Development Director (University of Bradford) while living in China, establishing a foreign enterprise and leading partnership developments across East Asia. Furthermore, she has public policy experience working for the Commonwealth Secretariat and the Department for International Development alongside an extensive teaching record as well as working on a range of funded projects.
